## Gas Sampling Bomb/Gas Sampling Cylinder

The company manufactures gas sampling bomb, which is used to carry plant gases from site to the laboratory. To collect the sample of liquefied Petroleum Gases such as Propane, butane Ethylene and similar materials. These samplers are completely leak-proof and available in specific sizes. These are made from high quality stainless steel. The wall of the sampler is specifically designed so that it can withstand high pressure. These

Samplers are highly reliable and provide years of trouble free service.

**Its features:-**

Pressure up to 204 Kg/cm<sup>2</sup> (3000 P.S.I)

Capacity 100 ml, 250 ml, 500, 1000ml and 2000ml
